

JUMPCLOUD INC.
Data Processing Addendum
For JumpCloud Customers

This Data Processing Addendum (this “**DPA**”) is between JumpCloud Inc. (“**JumpCloud**”) and the customer identified on the Order Form to which this DPA is incorporated (“**Customer**”), and is incorporated into the Terms of Use located at: <https://jumpcloud.com/legal> (the “**Agreement**”) between JumpCloud and Customer. Any undefined capitalized term shall have the meaning given to it in the Agreement. The parties agree as follows:

1. DEFINITIONS

1.1 “**Applicable Data Protection Laws**” means the data protection laws and regulations that are applicable to JumpCloud and include the General Data Protection Regulation (the “**GDPR**”) (Regulation (EU) 2016/679), and any implementing and supplementing law; (ii) the GDPR as transposed into the law of England and Wales, Scotland and Northern Ireland and the UK Data Protection Act 2018 United Kingdom national law by operation of section 3 of the European Union (Withdrawal) Act 2018 and as amended by the Data Protection, Privacy and Electronic Communications (Amendments etc.) (EU Exit) Regulations 2019, together with the Data Protection Act 2018, the Data Protection, Privacy and Electronic Communications (Amendments etc.) (EU Exit) Regulations 2019; (iii) the Swiss Federal Act on Data Protection; (iv) the California Consumer Privacy Act of 2018 and its implementing regulations (the “**CCPA**”) (Cal. Civ. Code §§ 1798.100-1798.199), any other applicable law, statute, declaration, decree, directive, legislative enactment, order, ordinance, regulation, rule or other binding instrument implementing any of the foregoing (in each case as amended, consolidated, re-enacted or replaced from time to time).

1.2 “**Customer Personal Data**” means Personal Data included in Customer Data.

1.3 “**Data Subject**” means an identified or identifiable natural person to whom Personal Data relates, including, a person located in the European Economic Area, United Kingdom, and/or California, including a “**Consumer**,” as the term is defined in the CCPA.

1.4 “**EEA**” or “**European Economic Area**” means the European Union (as defined herein), as well as Iceland, Liechtenstein, and Norway.

1.5 “**EU**” or “**European Union**” means the European Union, inclusive of Switzerland and the United Kingdom, even after the United Kingdom has officially withdrawn from the European Union.

1.6 “**Personal Data**” means information related to and linked or reasonably linkable to a Data Subject, as interpreted under Applicable Data Protection Laws and includes the terms “personal data” or “personal information” under such laws.

1.7 “**Process**”, “**Processes**”, “**Processing**”, “**Processed**” means any operation or set of operations which is performed upon Personal Data whether or not by automatic means, including collecting, recording, organizing, storing, adapting, altering, retrieving, consulting, using, disclosing, making available, aligning, combining, blocking, erasing, and destroying Personal Data, and as otherwise defined under Applicable Data Protection Laws.

1.8 “**Security Incident**” means an event about which JumpCloud knows, discovers, or is notified of, and which JumpCloud confirms, Customer Personal Data has been, to the actual knowledge of JumpCloud, unlawfully destroyed, lost, altered, accessed, disclosed, acquired or used by any unauthorized person, in violation of Applicable Data Protection Laws, including any “personal data breach” or “data breach” as defined by Applicable Data Protection Laws. A Security Incident shall not include an unsuccessful attempt or activity that does not compromise the security of Customer Personal Data, including (without limitation) pings and other broadcast attacks of firewalls or edge servers, port scans, unsuccessful log-on attempts, denial of service attacks, packet sniffing (or other unauthorized access to traffic data that does not result in access beyond headers) or similar incidents.

1.9 “**Services**” means the services provided by JumpCloud to Customer pursuant to the Agreement.

1.10 “**Sub-Processor**” means JumpCloud’s contractors, agents, vendors, and third-party service providers, that Process Personal Data.

2. DATA HANDLING AND ACCESS

2.1 General Compliance. Customer hereby authorizes and instructs JumpCloud to, and JumpCloud will, and will require Sub-Processors to, Process Customer Personal Data in compliance with the Agreement, this DPA, and Applicable Data Protection Laws. Customer represents and warrants that (i) it has all authority, grounds, bases, rights, or consents necessary (including with respect to Article 6 of GDPR) to authorize JumpCloud's Processing of the Customer Personal Data in accordance with the Agreement, and (ii) Customer's instructions for the Processing of Personal Data shall comply with Applicable Data Protection Laws.

2.2 JumpCloud and Sub-Processor Compliance. Where JumpCloud uses a Sub-Processor to Process Customer Personal Data, JumpCloud agrees to (i) enter into a written agreement with such Sub-Processor regarding such Sub-Processor's Processing of Customer Personal Data that imposes on such Sub-Processor data protection and security requirements that are compliant with Applicable Data Protection Laws, and that, at a minimum, impose data protection and security terms substantially similar to the data protection and security terms under this DPA; (ii) reasonably enforce compliance with such written agreement, including updating the written agreement when necessary under Applicable Data Protection Laws; and (iii) remain responsible to Customer for any noncompliance by Sub-Processors (and their sub-processors, if applicable) with respect to the Processing of Customer Personal Data.

2.3 Authorization to Use Sub-Processors. Customer hereby authorizes (i) JumpCloud to engage Sub-Processors and (ii) Sub-Processors to engage sub-processors. JumpCloud will provide Customer, upon Customer's request, the name, location, and role of each Sub-Processor used to Process Customer Personal Data and copies of any other records of Processing of Customer Personal Data that Sub-Processors are required to maintain and/or provide under Applicable Data Protection Laws. Customer hereby approves of the Sub-Processors listed on JumpCloud's website at: <https://jumpcloud.com/gdpr/>.

2.4 Objection Right for New Sub-Processors. JumpCloud will inform Customer of any new Sub-Processor in connection with the provision of the applicable Service and may provide such notification through updates to the list of Sub-Processors on JumpCloud's website at: <https://jumpcloud.com/gdpr/>. Customer may object to JumpCloud's use of a new Sub-Processor on reasonable data protection grounds by notifying JumpCloud of such grounds in writing within ten (10) business days after such information has been sent. In the event Customer objects to a new Sub-Processor as permitted in the preceding sentence, JumpCloud may address the concerns with respect to the Sub-Processor, or recommend a commercially reasonable change to Customer's configuration or use of the Service to avoid Processing of Personal Data by the objected-to Sub-Processor without unreasonably burdening Customer. If JumpCloud is unable to make such change available within a reasonable period of time, which shall not exceed thirty (30) days, as Customer's sole and exclusive remedy, Customer may, within thirty (30) days, terminate the applicable Order Form(s), but only with respect to any such Service which cannot be provided by JumpCloud without the use of the objected-to new Sub-Processor, by providing written notice to JumpCloud.

2.5 Following Instructions. JumpCloud will Process Customer Personal Data only in accordance with the written instructions of Customer and may Process Customer Personal Data: (i) in accordance with the Agreement and applicable Order Form(s); (ii) as initiated by users in their use of the Service; (iii) to further develop and provide services to JumpCloud's customers; (iv) to facilitate the anonymization of Personal Data; and/or (v) to comply with other documented reasonable instructions provided by Customer (e.g., via email). JumpCloud will immediately notify Customer in writing if, in JumpCloud's reasonable opinion, Customer's instructions infringe any Applicable Data Protection Laws, provided that Customer acknowledges that the Service may Process Personal Data on an automated basis in accordance with Customer's configurations, which JumpCloud does not monitor.

2.6 Details of the Processing. The subject matter of Processing of Personal Data by JumpCloud is the performance of the Service pursuant to the Agreement. The duration of the Processing, the nature and purpose of the Processing, the types of Personal Data, and the categories of Data Subjects' Personal Data Processed under this DPA are further specified in Annex II of Exhibit A.

3. RIGHTS OF DATA SUBJECTS

JumpCloud will, to the extent legally permitted, promptly notify Customer if JumpCloud receives a request from a Data Subject to exercise the Data Subject's rights afforded under the Applicable Data Protection Laws regarding Customer Personal Data ("**Data Subject Request**"). To the extent Customer does not have access

to the applicable Customer Personal Data in JumpCloud's custody or control, JumpCloud will (a) assist Customer by appropriate technical and organizational measures for the fulfilment of Customer's obligation to respond to a Data Subject Request under Applicable Data Protection Laws, and (b) upon Customer's request and at Customer's expense, provide commercially reasonable efforts to assist Customer in responding to such Data Subject Request, to the extent JumpCloud is legally permitted to do so and the response to such Data Subject Request is required under Applicable Data Protection Laws.

4. COMPLIANCE

4.1 JumpCloud Data Transfer Mechanism. For all transfers from the EEA of Customer Personal Data pursuant to the Agreement, the parties hereby incorporate the Standard Contractual Clauses approved by the European Commission (the "SCCs") as Schedule 2. To the extent there is any conflict between the body of this DPA and the SCCs, the SCCs shall control. The SCCs will apply solely with respect to Customer Personal Data transferred from the EEA (if any). Customer shall take all reasonable steps to determine whether the parties are required under the Applicable Data Protection Laws to either: (a) register the SCCs with any Supervisory Authority in any member state of the EEA, or (b) procure approval from each such Supervisory Authority for the transfer referred to in the SCCs. Customer shall promptly inform JumpCloud upon becoming aware of such requirements. With respect to data transfers from the United Kingdom to the United States, the parties hereby incorporate the 2010 Controller-to-Processor standard contractual clauses found at the following link: <https://eur-lex.europa.eu/LexUriServ/LexUriServ.do?uri=OJ:L:2010:039:0005:0018:EN:PDF>.

4.2 Prior Consultation. JumpCloud agrees to provide reasonable assistance to Customer (at Customer's expense) where, in Customer's reasonable judgement, the type of Processing performed by JumpCloud is likely to result in a high risk to the rights and freedoms of natural persons (e.g., systematic and extensive profiling, Processing sensitive Personal Data on a large scale, systematic monitoring on a large scale, or where the Processing uses new technologies) and thus requires a data protection impact assessment and/or prior consultation with the relevant data protection authorities.

4.3 Demonstrable Compliance. JumpCloud agrees to keep records of its Processing in compliance with Applicable Data Protection Laws and provide copies of such records to Customer upon Customer's request. If the parties have expressly agreed in writing that JumpCloud will collect Customer Personal Data on Customer's behalf and that JumpCloud must obtain verifiable consent therefor, such records will include but not be limited to records of the verifiable consent under Applicable Data Protection Laws.

4.4 Sale of Personal Data. JumpCloud shall not sell Customer Personal Data as the term "sell" is defined by the CCPA, except as required to provide services to Customer or as instructed by Customer. The foregoing restriction will not apply to "aggregate consumer information" or "deidentified personal information" as each term is defined by the CCPA.

4.5 Service Provider. JumpCloud shall not retain, use, or disclose Customer Personal Data for any purpose other than performing services and as described in the Agreement. The parties acknowledge and agree that the Processing of Customer Personal Data authorized by Customer's instructions described in this DPA is integral to and encompassed by JumpCloud's provision of services and the relationship between the parties.

5. INFORMATION SECURITY

JumpCloud will maintain appropriate technical and organizational measures for protection of the security, confidentiality, and integrity of Personal Data, including those described on JumpCloud's website at: <https://jumpcloud.com/security/>.

6. ASSESSMENTS, AUDITS AND REMEDIATION

If and to the extent Applicable Data Protection Laws include a right for Customer to audit JumpCloud's Processing of Customer Personal Data, Customer will exercise such audit right, and JumpCloud will fulfill its corresponding obligations, as follows:

6.1 Assessments. Relevant records of JumpCloud's Processing of Customer Personal Data to demonstrate compliance with this DPA and Applicable Data Protection Laws will be maintained by JumpCloud and provided to Customer upon Customer's reasonable request. JumpCloud will complete any data protection questionnaire

reasonably requested by Customer, no more than once annually, relating to JumpCloud's Processing of Customer Personal Data.

6.2 Audits. If the relevant records and/or questionnaire responses provided by JumpCloud pursuant to Section 5.1 are not sufficient for Customer to verify compliance with Applicable Data Protection Laws, for the purpose of verifying JumpCloud's compliance with Applicable Data Protection Laws and this DPA, JumpCloud shall provide a copy of JumpCloud's most recent relevant third-party audits or certifications, as applicable, or any summaries thereof to Customer. If the information made available pursuant to the preceding sentences are insufficient, in Customer's reasonable judgement, to confirm JumpCloud's compliance with its obligations under this DPA, then, at JumpCloud's reasonable discretion, JumpCloud may permit Customer, upon reasonable written notice of no less than thirty (30) days, at Customer's cost, and no more than once annually, to conduct on-site audits through a JumpCloud-approved third-party auditor. However, JumpCloud agrees to allow audits to be conducted directly by Customer where, under Applicable Data Protection Laws, Customer is required to conduct audits directly. JumpCloud agrees to cooperate in good faith with the audit and promptly (i) provide access to books, records (including, but not limited to, security scan records), systems, files, and other information necessary for the audit, and (ii) at Customer's request, enable access to JumpCloud's premises if absolutely necessary to properly conduct the audit or required under Applicable Data Protection Laws. Notwithstanding the foregoing, Customer may not conduct any security scans or other intrusion testing on JumpCloud's systems without the express prior written consent of JumpCloud. Customer agrees to (x) schedule audits to minimize disruption to JumpCloud's business, (y) require any third party it employs to sign a non-disclosure agreement, and (z) make the results of the audit available to JumpCloud. The results of the audit will be JumpCloud Confidential Information and Customer will only disclose the results of the audit to third parties to the extent such disclosure is (A) required to demonstrate Customer's own compliance, or (B) otherwise required under the Applicable Data Protection Laws.

6.3 Remediation. JumpCloud agrees to promptly take action to correct any documented material security issue affecting Customer Personal Data identified by such audit and to inform Customer of such actions. If action is not promptly taken, Customer's sole remedy will be to terminate any or all Order Forms at Customer's discretion provided that JumpCloud will incur no penalty for any such termination.

7. SECURE DISPOSAL

JumpCloud will securely dispose of Customer Personal Data (i) during the term of the Agreement upon Customer's written request if such Customer Personal Data is no longer reasonably required to perform the Service, or (ii) after the termination of the provision of the Service. If requested by Customer before the provision of the Service has terminated and such Customer Personal Data is not available to Customer within the Service, JumpCloud will make available a copy of such Customer Personal Data prior to disposal. JumpCloud may retain Customer Personal Data to the extent that it is required to do so under Applicable Data Protection Laws.

8. CHANGES TO REQUIREMENTS

The parties will work together in good faith to amend or supplement this DPA from time to time to reflect new requirements under Applicable Data Protection Laws.

9. SECURITY INCIDENT

9.1 Policy. JumpCloud maintains reasonable Security Incident management policies and procedures and will, to the extent required under Applicable Data Protection Laws, notify Customer without undue delay, and in any event no less than 72 hours, after becoming aware of any Security Incident. JumpCloud will make reasonable efforts to identify the cause of such Security Incident and take those steps as JumpCloud deems necessary and reasonable in order to remediate the cause of such Security Incident to the extent the remediation is within JumpCloud's reasonable control. The obligations in this Section shall not apply to any Security Incident that is caused by Customer and/or Users.

9.2 Reports. Upon request by Customer, JumpCloud will enable Customer to review the non-privileged results of, and reports relating to, the investigation and response to a Security Incident, which Customer will treat as Confidential Information of JumpCloud.

10. TERMINATION OBLIGATIONS

This DPA shall automatically terminate in the event that the Agreement is terminated or expires. Notwithstanding anything to the contrary in the Agreement or this DPA, Customer may terminate any Order Form, or any portion thereof, immediately upon written notice to JumpCloud, and without judicial notice or resolution or prejudice to any other remedies, in the event a data protection or other regulatory authority or other tribunal or court in any country finds there has been a breach of Applicable Data Protection Laws by virtue of Customer's or JumpCloud's Processing of Customer Personal Data in connection with the Agreement, and such breach has not been cured within sixty (60) days of JumpCloud's receiving notice thereof.

11. LIMITATION OF LIABILITY

Without prejudice to any limitations afforded to data processors under any Applicable Data Privacy Laws, each party's liability arising out of or related to this DPA (whether in contract, tort or under any other theory of liability) is subject to the limitations of liability set forth in the Agreement; provided, in no event will such limitation apply to any Data Subject's rights to the extent such limitation is prohibited under the SCCs or any Applicable Data Protection Laws.

12. CONTACT INFORMATION

JumpCloud will designate a point of contact as its "Privacy and Security Coordinator". This Privacy and Security Coordinator will: (i) maintain responsibility for applying adequate protections to Customer Personal Data, including the development, implementation, and maintenance of its information security.

Exhibit A

STANDARD CONTRACTUAL CLAUSES

Controller to Processor

SECTION I

Clause 1

Purpose and scope

- (a) The purpose of these standard contractual clauses is to ensure compliance with the requirements of Regulation (EU) 2016/679 of the European Parliament and of the Council of 27 April 2016 on the protection of natural persons with regard to the processing of personal data and on the free movement of such data (General Data Protection Regulation) for the transfer of data to a third country.
- (b) The Parties:
 - (i) the natural or legal person(s), public authorities, agencies or other bodies (hereinafter ‘**entities**’) transferring the personal data, as listed in Annex I.A (hereinafter each ‘**data exporter**’), and
 - (ii) the entities in a third country receiving the personal data from the data exporter, directly or indirectly via another entity also Party to these Clauses, as listed in Annex I.A (hereinafter each ‘**data importer**’)have agreed to these standard contractual clauses (hereinafter: ‘**Clauses**’).
- (c) These Clauses apply with respect to the transfer of personal data as specified in Annex I.B.
- (d) The Appendix to these Clauses containing the Annexes referred to therein forms an integral part of these Clauses.

Clause 2

Effect and invariability of the Clauses

- (a) These Clauses set out appropriate safeguards, including enforceable data subject rights and effective legal remedies, pursuant to Article 46(1) and Article 46(2)(c) of Regulation (EU) 2016/679 and, with respect to data transfers from controllers to processors and/or processors to processors, standard contractual clauses pursuant to Article 28(7) of Regulation (EU) 2016/679, provided they are not modified, except to select the appropriate Module(s) or to add or update information in the Appendix. This does not prevent the Parties from including the standard contractual clauses laid down in these Clauses in a wider contract and/or to add other clauses or additional safeguards, provided that they do not contradict, directly or indirectly, these Clauses or prejudice the fundamental rights or freedoms of data subjects.
- (b) These Clauses are without prejudice to obligations to which the data exporter is subject by virtue of Regulation (EU) 2016/679.

Clause 3

Third-party beneficiaries

- (a) Data subjects may invoke and enforce these Clauses, as third-party beneficiaries, against the data exporter and/or data importer, with the following exceptions:
 - (i) Clause 1, Clause 2, Clause 3, Clause 6, Clause 7;
 - (ii) Clause 8.1(b), 8.9(a), (c), (d) and (e);
 - (iii) Clause 9(a), (c), (d) and (e);
 - (iv) Clause 12(a), (d) and (f);
 - (v) Clause 13;
 - (vi) Clause 15.1(c), (d) and (e);
 - (vii) Clause 16(e);
 - (viii) Clause 18(a) and (b).
- (b) Paragraph (a) is without prejudice to rights of data subjects under Regulation (EU) 2016/679.

Clause 4

Interpretation

- (a) Where these Clauses use terms that are defined in Regulation (EU) 2016/679, those terms shall have the same meaning as in that Regulation.
- (b) These Clauses shall be read and interpreted in the light of the provisions of Regulation (EU) 2016/679.
- (c) These Clauses shall not be interpreted in a way that conflicts with rights and obligations provided for in Regulation (EU) 2016/679.

Clause 5

Hierarchy

In the event of a contradiction between these Clauses and the provisions of related agreements between the Parties, existing at the time these Clauses are agreed or entered into thereafter, these Clauses shall prevail.

Clause 6

Description of the transfer(s)

The details of the transfer(s), and in particular the categories of personal data that are transferred and the purpose(s) for which they are transferred, are specified in Annex I.B.

Clause 7 – not included

SECTION II – OBLIGATIONS OF THE PARTIES

Clause 8

Data protection safeguards

The data exporter warrants that it has used reasonable efforts to determine that the data importer is able, through the implementation of appropriate technical and organisational measures, to satisfy its obligations under these Clauses.

8.1 Instructions

- (a) The data importer shall process the personal data only on documented instructions from the data exporter. The data exporter may give such instructions throughout the duration of the contract.
- (b) The data importer shall immediately inform the data exporter if it is unable to follow those instructions.

8.2 Purpose limitation

The data importer shall process the personal data only for the specific purpose(s) of the transfer, as set out in Annex I.B., unless on further instructions from the data exporter.

8.3 Transparency

On request, the data exporter shall make a copy of these Clauses, including the Appendix as completed by the Parties, available to the data subject free of charge. To the extent necessary to protect business secrets or other confidential information, including the measures described in Annex II and personal data, the data exporter may redact part of the text of the Appendix to these Clauses prior to sharing a copy, but shall provide a meaningful summary where the data subject would otherwise not be able to understand the its content or exercise his/her rights. On request, the Parties shall provide the data subject with the reasons for the redactions, to the extent possible without revealing the redacted information. This Clause is without prejudice to the obligations of the data exporter under Articles 13 and 14 of Regulation (EU) 2016/679.

8.4 Accuracy

If the data importer becomes aware that the personal data it has received is inaccurate, or has become outdated, it shall inform the data exporter without undue delay. In this case, the data importer shall cooperate with the data exporter to erase or rectify the data.

8.5 Duration of processing and erasure or return of data

Processing by the data importer shall only take place for the duration specified in Annex I.B. After the end of the provision of the processing services, the data importer shall, at the choice of the data exporter, delete all personal data processed on behalf of the data exporter and certify to the data exporter that it has done so, or return to the data exporter all personal data processed on its behalf and delete existing copies. Until the data is deleted or returned, the data importer shall continue to ensure compliance with these Clauses. In case of local laws applicable to the data importer that prohibit return or deletion of the personal data, the data importer warrants that it will continue to ensure compliance with these Clauses and will only process it to the extent and for as long as required under that local law. This is without prejudice to Clause 14, in particular the requirement for the data importer under Clause 14(e) to notify the data exporter throughout the duration of the contract if it has reason to believe that it is or has become subject to laws or practices not in line with the requirements under Clause 14(a).

8.6 Security of processing

- (a) The data importer and, during transmission, also the data exporter shall implement appropriate technical and organizational measures to ensure the security of the data, including protection against a breach of security leading to accidental or unlawful destruction, loss, alteration, unauthorized disclosure or access to that data (hereinafter ‘personal data breach’). In assessing the appropriate level of security, the Parties shall take due account of the state of the art, the costs of implementation, the nature, scope, context and purpose(s) of processing and the risks involved in the processing for the data subjects. The Parties shall in particular consider having recourse to encryption or pseudonymization, including during transmission, where the purpose of processing can be fulfilled in that manner. In case of pseudonymizations, the additional information for attributing the personal data to a specific data subject shall, where possible, remain under the exclusive control of the data exporter. In complying with its obligations under this paragraph, the data importer shall at least implement the technical and organizational measures specified in Annex II. The data importer shall carry out regular checks to ensure that these measures continue to provide an appropriate level of security.
- (b) The data importer shall grant access to the personal data to members of its personnel only to the extent strictly necessary for the implementation, management and monitoring of the contract. It shall ensure that persons authorized to process the personal data have committed themselves to confidentiality or are under an appropriate statutory obligation of confidentiality.

- (c) In the event of a personal data breach concerning personal data processed by the data importer under these Clauses, the data importer shall take appropriate measures to address the breach, including measures to mitigate its adverse effects. The data importer shall also notify the data exporter without undue delay after having become aware of the breach. Such notification shall contain the details of a contact point where more information can be obtained, a description of the nature of the breach (including, where possible, categories and approximate number of data subjects and personal data records concerned), its likely consequences and the measures taken or proposed to address the breach including, where appropriate, measures to mitigate its possible adverse effects. Where, and in so far as, it is not possible to provide all information at the same time, the initial notification shall contain the information then available and further information shall, as it becomes available, subsequently be provided without undue delay.
- (d) The data importer shall cooperate with and assist the data exporter to enable the data exporter to comply with its obligations under Regulation (EU) 2016/679, in particular to notify the competent supervisory authority and the affected data subjects, taking into account the nature of processing and the information available to the data importer.

8.7 Sensitive data

Where the transfer involves personal data revealing racial or ethnic origin, political opinions, religious or philosophical beliefs, or trade union membership, genetic data, or biometric data for the purpose of uniquely identifying a natural person, data concerning health or a person's sex life or sexual orientation, or data relating to criminal convictions and offences (hereinafter '**sensitive data**'), the data importer shall apply the specific restrictions and/or additional safeguards described in Annex I.B.

8.8 Onward transfers

The data importer shall only disclose the personal data to a third party on documented instructions from the data exporter. In addition, the data may only be disclosed to a third party located outside the European Union (in the same country as the data importer or in another third country, hereinafter 'onward transfer') if the third party is or agrees to be bound by these Clauses, under the appropriate Module, or if:

- (i) the onward transfer is to a country benefitting from an adequacy decision pursuant to Article 45 of Regulation (EU) 2016/679 that covers the onward transfer;
- (ii) the third party otherwise ensures appropriate safeguards pursuant to Articles 46 or 47 Regulation of (EU) 2016/679 with respect to the processing in question;
- (iii) the onward transfer is necessary for the establishment, exercise or defense of legal claims in the context of specific administrative, regulatory or judicial proceedings; or
- (iv) the onward transfer is necessary in order to protect the vital interests of the data subject or of another natural person.

Any onward transfer is subject to compliance by the data importer with all the other safeguards under these Clauses, in particular purpose limitation.

8.9 Documentation and compliance

- (a) The data importer shall promptly and adequately deal with enquiries from the data exporter that relate to the processing under these Clauses.
- (b) The Parties shall be able to demonstrate compliance with these Clauses. In particular, the data importer shall keep appropriate documentation on the processing activities carried out on behalf of the data exporter.
- (c) The data importer shall make available to the data exporter all information necessary to demonstrate compliance with the obligations set out in these Clauses and at the data exporter's request, allow for and contribute to audits of the processing activities covered by these Clauses, at reasonable intervals or if there are indications of non-compliance. In deciding on a review or audit, the data exporter may take into account relevant certifications held by the data importer.
- (d) The data exporter may choose to conduct the audit by itself or mandate an independent auditor. Audits may include inspections at the premises or physical facilities of the data importer and shall, where appropriate, be carried out with reasonable notice.
- (e) The Parties shall make the information referred to in paragraphs (b) and (c), including the results of any audits, available to the competent supervisory authority on request.

Clause 9

Use of sub-processors

- (a) The data importer has the data exporter's general authorization for the engagement of sub-processor(s) from an agreed list. The data importer shall specifically inform the data exporter in writing of any intended changes to that list through the addition or replacement of sub-processors at least 60 days in advance, thereby giving the data exporter sufficient time to be able to object to such changes prior to the engagement of the sub-processor(s). The data importer shall provide the data exporter with the information necessary to enable the data exporter to exercise its right to object.

- (b) Where the data importer engages a sub-processor to carry out specific processing activities (on behalf of the data exporter), it shall do so by way of a written contract that provides for, in substance, the same data protection obligations as those binding the data importer under these Clauses, including in terms of third-party beneficiary rights for data subjects. The Parties agree that, by complying with this Clause, the data importer fulfils its obligations under Clause 8.8. The data importer shall ensure that the sub-processor complies with the obligations to which the data importer is subject pursuant to these Clauses.
- (c) The data importer shall provide, at the data exporter's request, a copy of such a sub-processor agreement and any subsequent amendments to the data exporter. To the extent necessary to protect business secrets or other confidential information, including personal data, the data importer may redact the text of the agreement prior to sharing a copy.
- (d) The data importer shall remain fully responsible to the data exporter for the performance of the sub-processor's obligations under its contract with the data importer. The data importer shall notify the data exporter of any failure by the sub-processor to fulfil its obligations under that contract.
- (e) The data importer shall agree a third-party beneficiary clause with the sub-processor whereby – in the event the data importer has factually disappeared, ceased to exist in law or has become insolvent – the data exporter shall have the right to terminate the sub-processor contract and to instruct the sub-processor to erase or return the personal data.

Clause 10

Data subject rights

- (a) The data importer shall promptly notify the data exporter of any request it has received from a data subject. It shall not respond to that request itself unless it has been authorized to do so by the data exporter.
- (b) The data importer shall assist the data exporter in fulfilling its obligations to respond to data subjects' requests for the exercise of their rights under Regulation (EU) 2016/679. In this regard, the Parties shall set out in Annex II the appropriate technical and organizational measures, taking into account the nature of the processing, by which the assistance shall be provided, as well as the scope and the extent of the assistance required.
- (c) In fulfilling its obligations under paragraphs (a) and (b), the data importer shall comply with the instructions from the data exporter.

Clause 11

Redress

- (a) The data importer shall inform data subjects in a transparent and easily accessible format, through individual notice or on its website, of a contact point authorised to handle complaints. It shall deal promptly with any complaints it receives from a data subject.
- (b) In case of a dispute between a data subject and one of the Parties as regards compliance with these Clauses, that Party shall use its best efforts to resolve the issue amicably in a timely fashion. The Parties shall keep each other informed about such disputes and, where appropriate, cooperate in resolving them.
- (c) Where the data subject invokes a third-party beneficiary right pursuant to Clause 3, the data importer shall accept the decision of the data subject to:
 - (i) lodge a complaint with the supervisory authority in the Member State of his/her habitual residence or place of work, or the competent supervisory authority pursuant to Clause 13;
 - (ii) refer the dispute to the competent courts within the meaning of Clause 18.
- (d) The Parties accept that the data subject may be represented by a not-for-profit body, organisation or association under the conditions set out in Article 80(1) of Regulation (EU) 2016/679.
- (e) The data importer shall abide by a decision that is binding under the applicable EU or Member State law.
- (f) The data importer agrees that the choice made by the data subject will not prejudice his/her substantive and procedural rights to seek remedies in accordance with applicable laws.

Clause 12

Liability

- (a) Each Party shall be liable to the other Parties for any damages it causes the other Parties by any breach of these Clauses.
- (b) The data importer shall be liable to the data subject, and the data subject shall be entitled to receive compensation, for any material or non-material damages the data importer or its sub-processor causes the data subject by breaching the third-party beneficiary rights under these Clauses.
- (c) Notwithstanding paragraph (b), the data exporter shall be liable to the data subject, and the data subject shall be entitled to receive compensation, for any material or non-material damages the data exporter or the data importer (or its sub-processor) causes the data subject by breaching the third-party beneficiary rights under these Clauses. This is without prejudice to the liability of the data exporter and, where the data exporter is a processor acting on behalf of a controller, to the liability of the controller under Regulation (EU) 2016/679 or Regulation (EU) 2018/1725, as applicable.

- (d) The Parties agree that if the data exporter is held liable under paragraph (c) for damages caused by the data importer (or its sub-processor), it shall be entitled to claim back from the data importer that part of the compensation corresponding to the data importer's responsibility for the damage.
- (e) Where more than one Party is responsible for any damage caused to the data subject as a result of a breach of these Clauses, all responsible Parties shall be jointly and severally liable and the data subject is entitled to bring an action in court against any of these Parties.
- (f) The Parties agree that if one Party is held liable under paragraph (e), it shall be entitled to claim back from the other Parties that part of the compensation corresponding to its/their responsibility for the damage.
- (g) The data importer may not invoke the conduct of a sub-processor to avoid its own liability.

Clause 13

Supervision

- (a) Where the data exporter is established in an EU Member State: The supervisory authority with responsibility for ensuring compliance by the data exporter with Regulation (EU) 2016/679 as regards the data transfer, as indicated in Annex I.C, shall act as competent supervisory authority.
Where the data exporter is not established in an EU Member State, but falls within the territorial scope of application of Regulation (EU) 2016/679 in accordance with its Article 3(2) and has appointed a representative pursuant to Article 27(1) of Regulation (EU) 2016/679: The supervisory authority of the Member State in which the representative within the meaning of Article 27(1) of Regulation (EU) 2016/679 is established, as indicated in Annex I.C, shall act as competent supervisory authority.
Where the data exporter is not established in an EU Member State, but falls within the territorial scope of application of Regulation (EU) 2016/679 in accordance with its Article 3(2) without however having to appoint a representative pursuant to Article 27(2) of Regulation (EU) 2016/679: The supervisory authority of one of the Member States in which the data subjects whose personal data is transferred under these Clauses in relation to the offering of goods or services to them, or whose behavior is monitored, are located, as indicated in Annex I.C, shall act as competent supervisory authority.
- (b) The data importer agrees to submit itself to the jurisdiction of and cooperate with the competent supervisory authority in any procedures aimed at ensuring compliance with these Clauses. In particular, the data importer agrees to respond to enquiries, submit to audits and comply with the measures adopted by the supervisory authority, including remedial and compensatory measures. It shall provide the supervisory authority with written confirmation that the necessary actions have been taken.

SECTION III – LOCAL LAWS AND OBLIGATIONS IN CASE OF ACCESS BY PUBLIC AUTHORITIES

Clause 14

Local laws and practices affecting compliance with the Clauses

- (a) The Parties warrant that they have no reason to believe that the laws and practices in the third country of destination applicable to the processing of the personal data by the data importer, including any requirements to disclose personal data or measures authorising access by public authorities, prevent the data importer from fulfilling its obligations under these Clauses. This is based on the understanding that laws and practices that respect the essence of the fundamental rights and freedoms and do not exceed what is necessary and proportionate in a democratic society to safeguard one of the objectives listed in Article 23(1) of Regulation (EU) 2016/679, are not in contradiction with these Clauses.
- (b) The Parties declare that in providing the warranty in paragraph (a), they have taken due account in particular of the following elements:
 - (i) the specific circumstances of the transfer, including the length of the processing chain, the number of actors involved and the transmission channels used; intended onward transfers; the type of recipient; the purpose of processing; the categories and format of the transferred personal data; the economic sector in which the transfer occurs; the storage location of the data transferred;
 - (ii) the laws and practices of the third country of destination– including those requiring the disclosure of data to public authorities or authorising access by such authorities – relevant in light of the specific circumstances of the transfer, and the applicable limitations and safeguards;
 - (iii) any relevant contractual, technical or organisational safeguards put in place to supplement the safeguards under these Clauses, including measures applied during transmission and to the processing of the personal data in the country of destination.
- (c) The data importer warrants that, in carrying out the assessment under paragraph (b), it has made its best efforts to provide the data exporter with relevant information and agrees that it will continue to cooperate with the data exporter in ensuring compliance with these Clauses.

- (d) The Parties agree to document the assessment under paragraph (b) and make it available to the competent supervisory authority on request.
- (e) The data importer agrees to notify the data exporter promptly if, after having agreed to these Clauses and for the duration of the contract, it has reason to believe that it is or has become subject to laws or practices not in line with the requirements under paragraph (a), including following a change in the laws of the third country or a measure (such as a disclosure request) indicating an application of such laws in practice that is not in line with the requirements in paragraph (a).
- (f) Following a notification pursuant to paragraph (e), or if the data exporter otherwise has reason to believe that the data importer can no longer fulfil its obligations under these Clauses, the data exporter shall promptly identify appropriate measures (e.g. technical or organisational measures to ensure security and confidentiality) to be adopted by the data exporter and/or data importer to address the situation. The data exporter shall suspend the data transfer if it considers that no appropriate safeguards for such transfer can be ensured, or if instructed by the competent supervisory authority to do so. In this case, the data exporter shall be entitled to terminate the contract, insofar as it concerns the processing of personal data under these Clauses. If the contract involves more than two Parties, the data exporter may exercise this right to termination only with respect to the relevant Party, unless the Parties have agreed otherwise. Where the contract is terminated pursuant to this Clause, Clause 16(d) and (e) shall apply.

Clause 15

Obligations of the data importer in case of access by public authorities

15.1 Notification

- (a) The data importer agrees to notify the data exporter and, where possible, the data subject promptly (if necessary with the help of the data exporter) if it:
 - (i) receives a legally binding request from a public authority, including judicial authorities, under the laws of the country of destination for the disclosure of personal data transferred pursuant to these Clauses; such notification shall include information about the personal data requested, the requesting authority, the legal basis for the request and the response provided; or
 - (ii) becomes aware of any direct access by public authorities to personal data transferred pursuant to these Clauses in accordance with the laws of the country of destination; such notification shall include all information available to the importer.
- (b) If the data importer is prohibited from notifying the data exporter and/or the data subject under the laws of the country of destination, the data importer agrees to use its best efforts to obtain a waiver of the prohibition, with a view to communicating as much information as possible, as soon as possible. The data importer agrees to document its best efforts in order to be able to demonstrate them on request of the data exporter.
- (c) Where permissible under the laws of the country of destination, the data importer agrees to provide the data exporter, at regular intervals for the duration of the contract, with as much relevant information as possible on the requests received (in particular, number of requests, type of data requested, requesting authority/ies, whether requests have been challenged and the outcome of such challenges, etc.).
- (d) The data importer agrees to preserve the information pursuant to paragraphs (a) to (c) for the duration of the contract and make it available to the competent supervisory authority on request.
- (e) Paragraphs (a) to (c) are without prejudice to the obligation of the data importer pursuant to Clause 14(e) and Clause 16 to inform the data exporter promptly where it is unable to comply with these Clauses.

15.2 Review of legality and data minimisation

- (a) The data importer agrees to review the legality of the request for disclosure, in particular whether it remains within the powers granted to the requesting public authority, and to challenge the request if, after careful assessment, it concludes that there are reasonable grounds to consider that the request is unlawful under the laws of the country of destination, applicable obligations under international law and principles of international comity. The data importer shall, under the same conditions, pursue possibilities of appeal. When challenging a request, the data importer shall seek interim measures with a view to suspending the effects of the request until the competent judicial authority has decided on its merits. It shall not disclose the personal data requested until required to do so under the applicable procedural rules. These requirements are without prejudice to the obligations of the data importer under Clause 14(e).
- (b) The data importer agrees to document its legal assessment and any challenge to the request for disclosure and, to the extent permissible under the laws of the country of destination, make the documentation available to the data exporter. It shall also make it available to the competent supervisory authority on request.

- (c) The data importer agrees to provide the minimum amount of information permissible when responding to a request for disclosure, based on a reasonable interpretation of the request.

SECTION IV – FINAL PROVISIONS

Clause 16

Non-compliance with the Clauses and termination

- (a) The data importer shall promptly inform the data exporter if it is unable to comply with these Clauses, for whatever reason.
- (b) In the event that the data importer is in breach of these Clauses or unable to comply with these Clauses, the data exporter shall suspend the transfer of personal data to the data importer until compliance is again ensured or the contract is terminated. This is without prejudice to Clause 14(f).
- (c) The data exporter shall be entitled to terminate the contract, insofar as it concerns the processing of personal data under these Clauses, where:
 - (i) the data exporter has suspended the transfer of personal data to the data importer pursuant to paragraph (b) and compliance with these Clauses is not restored within a reasonable time and in any event within one month of suspension;
 - (ii) the data importer is in substantial or persistent breach of these Clauses; or
 - (iii) the data importer fails to comply with a binding decision of a competent court or supervisory authority regarding its obligations under these Clauses.

In these cases, it shall inform the competent supervisory authority of such non-compliance. Where the contract involves more than two Parties, the data exporter may exercise this right to termination only with respect to the relevant Party, unless the Parties have agreed otherwise.

- (d) Personal data that has been transferred prior to the termination of the contract pursuant to paragraph (c) shall at the choice of the data exporter immediately be returned to the data exporter or deleted in its entirety. The same shall apply to any copies of the data. The data importer shall certify the deletion of the data to the data exporter. Until the data is deleted or returned, the data importer shall continue to ensure compliance with these Clauses. In case of local laws applicable to the data importer that prohibit the return or deletion of the transferred personal data, the data importer warrants that it will continue to ensure compliance with these Clauses and will only process the data to the extent and for as long as required under that local law.
- (e) Either Party may revoke its agreement to be bound by these Clauses where (i) the European Commission adopts a decision pursuant to Article 45(3) of Regulation (EU) 2016/679 that covers the transfer of personal data to which these Clauses apply; or (ii) Regulation (EU) 2016/679 becomes part of the legal framework of the country to which the personal data is transferred. This is without prejudice to other obligations applying to the processing in question under Regulation (EU) 2016/679.

Clause 17

Governing law

These Clauses shall be governed by the law of the EU Member State in which the data exporter is established. Where such law does not allow for third-party beneficiary rights, they shall be governed by the law of another EU Member State that does allow for third-party beneficiary rights. The Parties agree that this shall be the law of Ireland.

Clause 18

Choice of forum and jurisdiction

- (a) Any dispute arising from these Clauses shall be resolved by the courts of an EU Member State.
- (b) The Parties agree that those shall be the courts of Ireland.
- (c) A data subject may also bring legal proceedings against the data exporter and/or data importer before the courts of the Member State in which he/she has his/her habitual residence.
- (d) The Parties agree to submit themselves to the jurisdiction of such courts.

Annex I to Exhibit A

A. LIST OF PARTIES

Data exporter: Customer, as identified in the Agreement.

Contact person's name, position and contact details: See Order Form or Cover Section of the Agreement.

Activities relevant to the data transferred under these Clauses: Receiving the Service.

Role: controller

Signature and date: _____

Data importer: JumpCloud Inc.; 361 Centennial Parkway, Suite 300, Louisville, CO 80027

Contact person's name, position and contact details: Fred Wilmot, Chief Information Security Officer, fred.wilmot@jumpcloud.com

Activities relevant to the data transferred under these Clauses: providing the Service

Role: processor

Signature and date: _____

B. DESCRIPTION OF TRANSFER

Categories of data subjects whose personal data is transferred –

- Data exporter's Users

Categories of personal data transferred –

- Name (first, middle, last)
- Employment Information (e.g., title, department, employee ID)
- Location
- Contact Information (company, email, phone number, physical address)
- Online Identity (username, display name, passwords)
- IP Address
- Account Name
- Network Activity Information
- Geolocation (e.g., router location)
- System Information (e.g., memory information, storage availability, apps and programs, disk information, patches)
- Custom Attributes (any data that Customer or a User chooses to store with their account/user record)

Sensitive data transferred (if applicable) and applied restrictions or safeguards that fully take into consideration the nature of the data and the risks involved, such as for instance strict purpose limitation, access restrictions (including access only for staff having followed specialized training), keeping a record of access to the data, restrictions for onward transfers or additional security measures.

- No sensitive data required to be transferred for the Service. Unless expressly agreed in writing in the DPA or the Agreement, the data exporter will not export any sensitive data.

The frequency of the transfer (e.g. whether the data is transferred on a one-off or continuous basis).

- Continuous

Nature & Purpose of the processing

- JumpCloud will Process Customer Personal Data as necessary to perform the Service pursuant to the Agreement, as further specified in the applicable order form, the Agreement, and the DPA.

The period for which the personal data will be retained –

- During the term of the Agreement.

For transfers to (sub-) processors, also specify subject matter, nature and duration of the processing –

- As described in the DPA, with respect to each sub-processor.

C. COMPETENT SUPERVISORY AUTHORITY

Identify the competent supervisory authorities in accordance with Clause 13

- Ireland

Annex II to Exhibit A

TECHNICAL AND ORGANISATIONAL MEASURES INCLUDING TECHNICAL AND ORGANISATIONAL MEASURES TO ENSURE THE SECURITY OF THE DATA

Description of the technical and organizational measures implemented by the data importer(s) (including any relevant certifications) to ensure an appropriate level of security, taking into account the nature, scope, context and purpose of the processing, and the risks for the rights and freedoms of natural persons.

See <https://jumpcloud.com/security>.
